Gale's Affordable Niche Resources for Unique Researchers

MEETS SPECIALIZED NEEDS

Researchers in your library come from specialized backgrounds looking for comprehensive reference sources — proven resources that yield credible, focused results not found on the Web. Now, you can meet the need with in-depth, subject-focused, easy-to-search and always up-to-date collections powered by *InfoTrac*. Each affordable *InfoTrac Collection* has the content needed by a unique category of researcher — environmentalists, businesspeople, musicians, nurses and more.

Business Economics and Theory Collection

Provides instant access to 450 full-text titles — many cited in the EconLit database — and more than seven million articles, including Kiplinger Handbooks and video feeds from forbes.com.

Communication and Mass Media Collection

Spreads the word about the communication and mass media industry with nearly three million articles found in more than 250 journals.

Criminal Justice Collection

Reforms the research process for law students, forensic scientists and more by gathering nearly 4.3 million articles from more than 700 journals.

Culinary Arts Collection

Offers a smorgasbord of information — nearly 3.5 million articles from more than 250 major cooking and nutrition magazines as well as reference content from Delmar such as About Wine, Introduction to Catering, Advanced Bread and Pastry and Eat Fit Be Fit.

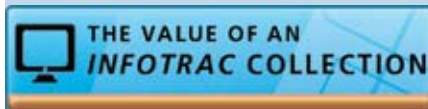

Environmental Studies and Policy Collection

Answers environmentally related inquires coverage of more than 3.3 million articles from more than 700 journals and book reference content from Delmar, including Soil, Science and Management; Introduction to Agronomy; Food, Crops & Environment; Fundamental Soil Science; and more.

Fine Arts and Music Collection

Places five million articles at the fingertips of serious students of the arts. More than 150 journals covered in databases such as the Wilson Art Index and the Répertoire International de Littérature Musicale (RILM) indexes are available in full-text.

An *InfoTrac Collection* takes the guesswork out of searching. You select the content best suited to your patrons' needs. Users can then quickly identify and retrieve results while enjoying a variety of options:

- Choose from Basic, Subject Guide, Publication or Advanced Search
- Search within results to target specific content
- Support a multilingual community by translating documents on-demand
- Create Search Alerts with RSS Export
- Manage documents in the collection by e-mailing, bookmarking or printing them
- Support the needs of remote researchers by providing 24/7 access

InfoTrac Collections listed here.

General Science Collection

Allows researchers to stay current with the latest scientific developments in particle physics, advanced mathematics, nanotechnology, geology and hundreds of other areas. Updated daily, this *Collection* includes more than 1.6 million articles from more than 200 journals.

Nursing and Allied Health Collection

Rescues researchers looking for answers to the specialized care, treatment and management of all sorts of patients by providing nearly 4.2 million articles found in 1,115 journals, with a strong emphasis on full-text titles cited in CINAHL.

Pop Culture Collection

Provides information from more than two million articles found in more than 100 subject-appropriate, full-text periodicals — useful for any social sciences, history, art, or liberal arts researcher looking at the pop culture that is all around us and that influences our lives every day.

Religion and Philosophy Collection

Unveils 1.1 million articles from more than 250 periodicals covering religion, philosophy and anthropology. Use this database to study theological approaches to social issues and to discover the impact that religion has had on culture throughout history, including literature, arts and language.

U.S. History Collection

Takes the novice historian and the advanced academic researcher to more than 100,000 articles from leading journals that provide balanced coverage of current thought as well as established scholarly work on events in U.S. history.

Vocations and Careers Collection

Makes it easier for researchers to find the right job, enroll in the appropriate school or advance in a career by providing content from nearly 400 journals—from general career guides to highly specialized industry journals.

War and Terrorism Collection

Gives insight into global conflicts and their causes and impact — a definitive collection of 100 subject specific full-text periodicals with more than 1.7 million articles for students of history, social science and current events.

World History Collection

Helps the novice historian and the advanced academic researcher delve into current thought as well as established scholarly work on events in world history from more than 100,000 articles from leading journals.

Order Related eBooks
